Baneshwar Singh, PhD
Assistant Professor
Department of Forensic Science
Virginia Commonwealth University
1015 Floyd Avenue
Richmond, VA 23284

Dear Dr. Singh:

I am pleased to be listed as a statistical consultant on your research proposal, entitled "Novel quantitative approaches for postmortem interval (PMI) estimation of human cadavers". This project will likely require the application of innovative statistical methods, as we have discussed during our recent research collaboration. If the proposal receives funding, I look forward to providing the necessary statistical expertise and support to ensure a successful completion.

I anticipate a successful and rewarding research project. If you should need any additional information regarding the proposal, please feel free to contact me at jswall@vcu.edu.

Sincerely,

Jenise L. Swall, PhD
Associate Professor
